1967 INDEX

Public Health Reports

Volume 82, January–December

and

Public Health Monograph No. 76

THIS INDEX to *Public Health Reports* and Public Health Monographs is divided into a subject index and an author index.

The subject index carries one or more entries for each item published. In addition to the subject headings, categorical headings include ANNOUNCEMENTS (ORGANIZATIONS and PERSONNEL), CONFERENCE REPORTS, PHS GRANTS, INVENTION REPORTS, LEGAL NOTES, and TRAINING COURSES.

The Public Health Monograph published concurrently with *Public Health Reports* in 1967 appears under the category heading MONOGRAPHS. The monograph summary appearing in the journal is indexed under the appropriate subject heading.

Key to Dates and Pages

<i>Pages</i>	<i>Month of issue</i>	<i>No.</i>
1-94	January.....	1
95-188	February.....	2
189-282	March.....	3
283-376	April.....	4
377-470	May.....	5
471-564	June.....	6
565-658	July.....	7
659-752	August.....	8
753-846	September.....	9
847-940	October.....	10
941-1034	November.....	11
1035-1128	December.....	12

Key to Classification Code

- (*) Original, signed article
- (CR) Conference report
- (LN) Legal note
- (MS) Monograph summary
- (SR) Short report

In the author index, two asterisks (**) before the page number indicate a monograph.

Subject Index

ABNORMALITIES

- cleft lip and palate, variables in under-reporting on birth certificates..... *985
- oral clefts, incidence among American Indians, 1963-66..... *807
- phocomelia, clinical report of a case..... *1100
- selected congenital anomalies, distribution and extent of reporting, Pennsylvania study *446

ABORTION

- practice of therapeutic, United States and Europe (CR)..... 238
- public opinions on justification of, New Orleans survey (CR)..... 239
- therapeutic, on sociomedical grounds (CR)..... 237

ACCIDENTS

- see also* Poisoning; Swimming Pools
- among patients in chronic disease hospital, survey at Lemuel Shattuck Hospital, Mass., 1964..... *35
- causes of automobile, use of electronic driving simulators to study human aspects (SR) 548
- electric shock prevention demonstration kit, PHS (SR)..... 842
- fatal automobile, findings from on-scene investigations (SR)..... 614
- need for safety glass in doors and panels (SR) 720
- prevention of motor vehicle, functions of medical advisers in licensing drivers..... *1071
- study of rear vision systems in cars (SR)..... 531

ADMINISTRATION

- barriers to adoption of new health programs as seen by local health officers..... *108
- need for statesmen in health field (CR)..... 242
- of air pollution control, research in the social sciences for determining strategies of.... *1101

AFRICA

- provision of safe water supply for health survey in African bush..... *1057

AIR POLLUTION

- and health study, summary of findings in Nashville, Tenn..... *17
- association of level of certain pollutants with symptoms of illness (CR)..... 196
- control administration, research in the social sciences for determining strategies of.... *1101
- exposure to carbon monoxide, effects on behavior (CR)..... 196
- from open burning of old boxcars, PHS study of new methods of disposal (SR)..... 649
- smoke control regulation exempts incinerators in private dwellings (LN)..... 260
- summary report of 1966 conference (CR)..... 283

ALASKA

- community isoniazid prophylaxis program for tuberculosis in an underdeveloped area *1045
- isoniazid prophylaxis program against tuberculosis (CR)..... 219
- mortality due to heart diseases among Natives, 1955-65..... *714
- recovery of human enteric pathogens from dogs in Fairbanks..... *465

ALCOHOLISM

- and liver cirrhosis mortality (CR)..... 213
- as public health problem, 1962 APHA resolution (CR)..... 214
- effect of group discussion program on teenagers' attitudes toward excessive drinking (CR)..... 222
- epidemiology of problem drinking (CR).... 214
- grant for alcoholism research and research training, PHS (SR)..... 812

ANEMIA

- hemolytic, as cause of death in newborn, California study (CR)..... 240
- sickle cell, study of sickle cell trait in relation to variations in blood pressure among Negroes (CR)..... 219

ANESTHESIOLOGY

- research and training center, University of Pennsylvania (SR)..... 1044
- training physicians in, PHS grants for (SR) 784

ANNOUNCEMENTS, ORGANIZATIONS

- American Intersociety Academy for Certification of Sanitarians, Inc..... 161
- anesthesiology research and training center, University of Pennsylvania..... 1044
- Armed Forces Institute of Pathology designated as International Reference Center for Comparative Oncology by World Health Organization..... 450
- center for environmental quality management, Cornell University..... 547
- conference calendar..... 91, 372, 701
- examination for American Board of Dental Public Health..... 1018
- Medical Mycological Society of the Americas 116
- Mount Sinai School of Medicine affiliates with the City University of New York.... 993
- National Center for Urban and Industrial Health, PHS..... 364
- National Institute of Mental Health reorganized 445

ANNOUNCEMENTS, ORGANIZATIONS—Con.
WHO Regional Reference Center for Rabies
in the Americas, National Communicable
Disease Center, PHS.....

655

ANNOUNCEMENTS, PERSONNEL

Banta, James E., director, Office of Inter-
national Health.....

938

Berry, William R., director, Data Systems
Development Staff, Office of the Surgeon
General

938

Boettner, Charles H., associate director,
Bureau of Health Manpower.....

682

Brands, Allen J., pharmacy liaison officer
to Office of the Surgeon General.....

574

Clarke, Stuart Henry, director of personnel..

428

Fenninger, Leonard D., director, Bureau
of Health Manpower.....

162

Flagle, Charles D., special assistant to the
Surgeon General for health applications
of modern technology.....

938

Gallagher, Joseph A., deputy director, Bu-
reau of Health Manpower.....

428

Hunter, J. Stewart, associate director of
Information for Public Health Services,
DHEW

984

Kieffer, Sherman N., associate director for
patient care, National Institute of Mental
Health

682

Kotin, Paul, director, Division of Environ-
mental Health Sciences.....

162

LaVeck, Gerald D., director, National Insti-
tute of Child Health and Human Develop-
ment

162

McKee, Frank Wray, director, Division of
Physician Manpower.....

1062

Miller, Charles II, chief finance officer and
chief of Division of Finance.....

574

Stengle, James M., chief, National Blood
Resources Program.....

574

Woolsey, Theodore D., director, National
Center for Health Statistics.....

1062

ANTIBIOTICS *see* Drugs

ARMED FORCES

rejectees, health referral services for; New
York City demonstration program.....

*305

AUTOMATIC DATA PROCESSING

computer program for analysis of laboratory
data, Wisconsin State Laboratory of Hy-
giene

*169

computers to detect neurological disease
(SR)

538

computers to identify vacant hospital beds
(SR)

126

for early warning of possible in-hospital epi-
demics (CR).....

217

use of computers to select cases for hospital
utilization review (CR).....

191

AUTOMATION

automated systems for critically ill patients
(SR)

626

BATS

rabies in, southwestern United States.....

*867

BEHAVIOR

expressed willingness of smokers to try 10
withdrawal methods.....

*855

patterns of automobile drivers, use of elec-
tronic driving simulators to study (SR)...

548

preventive actions concerning dental disease,
tuberculosis, and cancer; nationwide
study

*451

BIBLIOGRAPHIES

National Library of Medicine.....

688

BIRTH CONTROL *see* Family Planning

BIRTH RATES *see* Vital Statistics

BLINDNESS

in children, association of perinatal factors
and birth weight.....

*519

BOTULISM

detection of *Clostridium botulinum* types A,
B, and E in food by immunofluorescence...

*275

research, recent developments (CR).....

206

BRITISH COLUMBIA

use of central registry to estimate prevalence
of certain chronic childhood conditions...

*261

CANCER

breast, relationship of thyroid disease (CR)...

236

cervical, indices for evaluating cytology
program, New York State.....

*461

cervical, projection of U.S. incidence rates
(CR)

235

intracommunity variation in incidence;
Pittsburgh study.....

*759

leukemia and lung cancer, 30-year trend in
population of Olmsted County, Minn.
(CR)

236

of genitalia among married women, impli-
cation of tobacco use (CR).....

234

of the thyroid, frequency in Utah (CR)....

216

CENTRAL NERVOUS SYSTEM

acute, febrile illnesses in an endemic area
of Texas; 1965 epidemiologic and serologic
findings

*785

CEREBROVASCULAR DISEASES

workshop on epidemiology of (MS).....

61

CHEMOTHERAPY

community isoniazid prophylaxis program
for tuberculosis in an underdeveloped area
of Alaska.....

*1045

for tuberculosis, communitywide programs
of isoniazid prophylaxis, Alaska and Bos-
ton (CR).....

219

for tuberculosis, realized and unrealized
benefits

*753

CHICKENS *see* Fowl Plague Virus

CHILD HEALTH AND WELFARE

see also Maternal Health; School Health
a case of phocomelia, clinical report.....

*1100

accidental poisoning, analysis of two surveys
evaluating a project to reduce.....

*555

CHILD HEALTH AND WELFARE—Continued	
computerized hearing tests for infants and preschool children (SR)-----	581
deaths from congenital heart disease in California, 1945-64-----	*621
deaths from hemolytic disease of the newborn, California study (CR)-----	240
factors associated with onset of deafness in children under 5 years old-----	*1019
Headstart, health findings and followup program, Philadelphia (CR)-----	200
Headstart, problems in developing health program, Tacoma, Wash. (CR)-----	200
health care of school children, impact of family health insurance coverage on-----	*323
medical and psychiatric assistance for sexual assault victims, District of Columbia (CR)-----	237, *497
phenylketonuria in New York State, incidence and prevalence-----	*921
prevalence of certain chronic childhood conditions estimated by use of central registry, British Columbia-----	*261
tuberculosis among American Indian children-----	*30
vision test for 3-5-year-olds (SR)-----	440
vision testing of infants and preschoolers (CR)-----	241
CHOLESTEROL	
determinations among clinical laboratories, Wisconsin evaluation program-----	*957
CHRONIC DISEASES	
<i>see also</i> name of disease	
heart disease, cancer, and stroke; review of regional medical programs (CR)-----	191
prospects for research in health departments-----	*575
CLEFT LIP	
and palate, variables in under-reporting on birth certificates-----	*985
with or without cleft palate, incidence among American Indians, 1963-66-----	*807
CLOSTRIDIUM	
<i>C. botulinum</i> types A, B, and E in food, detection by immunofluorescence-----	*275
thermostable <i>C. perfringens</i> as cause of food poisoning outbreak, University of Wisconsin-----	*157
COCCIDIOIDOMYCOSIS	
prevention of occupational, exposure factors (CR)-----	215
COMMUNICABLE DISEASES	
<i>see also</i> name of disease	
in the Americas, extent of eradication (SR)	702
COMMUNICATION	
and patient motivation in preventive periodontics-----	*779
audiovisual media, National Library of Medicine (SR)-----	130

COMMUNICATION—Continued	
comparison of mail and telephone methods to collect program evaluation data-----	*739
coordination of automation efforts by three national libraries (SR)-----	821
media, evaluation of use in two health projects, Baltimore-----	*651
medical information methods; sources, handling, and packaging-----	*601
research in language processes (SR)-----	600
COMMUNITY HEALTH <i>see</i> Health Planning; Health Services	
CONFERENCE REPORTS	
American Public Health Association, 94th, 1966-----	190
Idaho annual health conference, 1966; population problems-----	377
Third National Conference on Air Pollution, 1966-----	283
DEAFNESS <i>see</i> Hearing	
DENTAL HEALTH	
caries-inhibiting effect of maternal ingestion of fluoridated water-----	*297
comparison of 3 topical fluoride agents for caries-prevention effect, 2-year study (CR)-----	197
mobile dental units for needy children, Missouri (CR)-----	197
partial defluoridation of a community water supply and dental fluorosis, Britton, S. Dak-----	*965
preventive periodontics, communication and patient motivation-----	*779
standards and indexes for clinical audit of dental practices (CR)-----	197
DIABETES	
prevalence in United States, implications for public health programing-----	*334
DIARRHEA	
acute cases in children, study of association of enteric viruses and bacteria (CR)----	218
DIPHThERIA	
titration of antitoxin by tissue culture (CR)-----	209
DISASTERS	
30-day supply of critical medical items placed in hospitals by PHS (SR)-----	370
DOGS	
recovery of human enteric pathogens from, Fairbanks, Alaska-----	*465
DRUG ADDICTION	
narcotic treatment programs, criteria for evaluation (CR)-----	213
rehabilitation demonstration program, Puerto Rico (CR)-----	212
role of National Institute of Mental Health in drug abuse programs (CR)-----	215
study of backgrounds and characteristics of U.S. addicts (CR)-----	213

DRUGS

- advertising and labeling regulations, need
for revision (CR)----- 194
- clinical trials and adverse reactions, FDA's
early warning system for new drugs
(CR) ----- 210
- coronary, large-scale clinical trial enlarged
(SR) ----- 512
- use of antibiotic nasal spray to treat
staphylococcal carriers in hospitals----- *329
- veterinary, evaluation of efficacy, National
Academy of Sciences-National Research
Council (SR)----- 359

DRUG THERAPY *see* Chemotherapy

ECONOMICS, HEALTH

- economic factors in hospital planning in
urban areas----- *721
- hospital expenses in March 1967 (SR)----- 827

EDUCATION NOTES *see* Training Courses

EMERGENCY SERVICES

- analysis of hospital ambulance service
workload, Boston----- *823
- analysis of medical service workload, San
Francisco area----- *995

ENCEPHALITIS *see* Central Nervous System

ENTEROBACTERIACEAE

- human enteric pathogens harbored in dogs,
Fairbanks, Alaska----- *465

ENTEROVIRUS INFECTIONS *see* Central
Nervous System

ENVIRONMENTAL HEALTH

- center for environmental quality manage-
ment established at Cornell University
(SR) ----- 547
- lead levels in human blood and urine, inter-
national study covering 3 decades (CR) -- 229
- provision of safe water supply for health
survey team in African bush----- *1057
- surveillance monitoring for environmental
pollutants, New York State (CR)----- 228

EPIDEMIOLOGY

- effect of measles vaccine on epidemiologic
characteristics of measles, Los Angeles
County, 1963 and 1966----- *659
- of cirrhosis of the liver (CR)----- 213
- of problem drinking of alcoholic beverages
(CR) ----- 214
- status of tonometry surveys as source of
data on ocular hypertension, Colorado
River Reservation study----- *582
- study of human tularemia reported in Mis-
souri, 1949-65----- *627

FAMILY

- a month of illness and health care among
low-income families----- *705

FAMILY PLANNING

- birth control instruction in postpartum
clinic of charity hospital, Atlanta, Ga.
(SR) ----- 242

FAMILY PLANNING—Continued

- services, considerations in developing com-
munity programs----- *667
- services in Virginia----- *292

FIRES

- prevention, educational effectiveness of dem-
onstrations, Mississippi County, Ark---- *645

FISH

- smoked whitefish, source of epidemic of
febrile gastroenteritis from *Salmonella*
java (CR)----- 246

FLUORIDATION

- partial defluoridation of a community water
supply and dental fluorosis, Britton, S.
Dak ----- *965
- prenatal exposure to, caries-inhibiting
effect ----- *297

FOLK MEDICINE

- practice in middle-class community, Stan-
ford Research Institute study (CR)---- 221

FOODBORNE DISEASE

- botulism research, recent developments
(CR) ----- 206
- detection of *Clostridium botulinum* types A,
B, and E in food by immunofluorescence-- *275
- instant nonfat dry milk, source of interstate
outbreak of *Salmonella new-brunswick* in-
fection (CR)----- 246
- outbreak traced to *Salmonella indiana* in
unpasteurized cup cheese, Pennsylvania-- *551
- salmonellosis, epidemiology of foodborne
(CR) ----- 246
- smoked whitefish, source of epidemic of
febrile gastroenteritis from *Salmonella*
java (CR)----- 246
- thermostable *Clostridium perfringens* as
cause of food poisoning outbreak, Univer-
sity of Wisconsin----- *157

FOOD PROTECTION

- chilled delicatessen-type foods, bacterial
studies ----- *353
- dietary food regulations, need for revision
(CR) ----- 194
- infant formula, comparative study of auto-
clave and free-flowing-steam systems for
heat treatment in hospitals----- *813

FOWL PLAGUE VIRUS

- and virus isolated from man, comparative
study ----- *615

GENETICS

- see also* Abnormalities
- relationship of sickle cell trait to variations
in blood pressure among Negroes (CR) -- 219

GONORRHEA

- primary isolation of *Neisseria gonorrhoeae*
with new commercial medium----- *361

GRANTS, PHS

- alcoholism research and research training
(SR) ----- 812
- disposal of solid wastes by pipelines (SR) -- 1029

GRANTS, PHS—Continued

doctoral studies in disposal of solid wastes (SR)	738
health facility construction.....	*697
hospital training of physicians in anesthesiology (SR)	784
medical school construction (SR)	179
new records system for psychiatric hospitals (SR)	832
project grants for health services, statistical analysis	*131
prototype incinerator for solid wastes (SR)	793
public health nurse training (SR)	479

HANDICAPPED *see* Rehabilitation

HANSEN'S DISEASE *see* Leprosy

HEALTH AIDES

for welfare recipients at home; survey in Contra Costa County, Calif.....	*729
training and use of auxiliaries in underdeveloped areas.....	*471
use in Santa Barbara County Health Department	*608

HEALTH DEPARTMENTS

barriers to adoption of new programs as seen by local health officers.....	*108
evaluation of communications media in two projects, Baltimore.....	*651
experiences in providing adequate public health services, Worcester, Mass., and Cincinnati, Ohio.....	*933
need for medical care specialists.....	*435
podiatry services at clinics, District of Columbia	*389
program for sexually assaulted females, District of Columbia (CR)	237, *497
prospects for chronic disease research.....	*575
surveillance monitoring for environmental pollutants, New York State (CR)	228
training program for new environmental health personnel, Philadelphia (CR)	227
use of health aides, Santa Barbara County..	*608

HEALTH EDUCATION

accidental poisoning among children, analysis of two surveys evaluating a project to reduce.....	*555
anticipatory counseling for new mothers, effectiveness of television for (CR)	225
attitudes toward leprosy in the Ryukyu Islands	*795
considerations in developing community family planning services.....	*667
effect of fire demonstrations on knowledge and opinions about fires, Mississippi County, Ark.....	*645
factors in voluntary exposure to health communications (CR)	221
group discussion program for teenagers to prevent irresponsible use of alcohol (CR) ..	222

HEALTH EDUCATION—Continued

need for counseling and information services for hospital patients (CR)	224
outlook for smoking control efforts (CR) ..	231
smoking education efforts, progress and problems (CR)	233
use of teenage volunteers to motivate low-socioeconomic group to use preschool health services, San Francisco (CR)	223
venereal disease information, attitudes of prospective school teachers on teaching---	*917
venereal disease instruction in Los Angeles County schools.....	*505

HEALTH FACILITIES

community mental health centers, 4 years' experience	*941
Public Health Service grants to construct--	*697

HEALTH PLANNING

areawide planning programs, PHS.....	*406
by Federal planning-programing-budgeting system	*1063
Comprehensive Health Planning and Public Health Services Amendments of 1966, partnership for.....	*395
comprehensive health services under P.L. 89-749	*399
medical school course in community health (SR)	1008
mental health services.....	*407
regional, for hospital and mental health services, New York State.....	*771
regional medical programs, PHS.....	*404
requirements in developing countries.....	*441
role of PHS regional offices for implementing P.L. 89-749.....	*403

HEALTH SERVICES

<i>see also</i> Health Planning	
community mental health programing in rural areas.....	*386
community, Michigan study.....	*925
comprehensive, Government's role (CR)	243
evaluation of programs, comparison of mail and telephone methods to collect data---	*739
for Armed Forces rejectees; New York City demonstration program.....	*305
free chest X-rays, effect of souvenir giveaways on attendance at mobile units.....	*735
meeting health needs of nation; challenge and opportunity.....	*565
need for medical and social care for unwed Negro mothers, Boston study (CR)	239
need for statesmen in health field (CR)	242
new patterns of health care for poor, Chicago (CR)	245
provision of adequate, experiences in Worcester, Mass., and Cincinnati, Ohio.....	*933
Public Health Service project grants for, statistical analysis.....	*131
quality manpower for quality service (CR) ..	243

HEALTH SERVICES—Continued

role of voluntary associations in providing (CR)	244
system, and improved medical care statistics	*847

HEARING

computerized hearing tests for infants and preschool children (SR)	581
deafness in children under 5 years old, factors associated with onset	*1019
inaccurate audiometers hamper screening programs (SR)	1099
loss, prevalence in U.S. population (SR)	924
tests for children in mobile unit, Kansas (CR)	198

HEART DISEASE

arteriosclerotic, accuracy of diagnosis listed on death certificate	*339
clinical trial of coronary drugs, project enlarged (SR)	512
death rates among Japanese Americans	*973
deaths from congenital, California, 1945-64	*621
history of coronary care units in hospitals	*1105
mortality among Alaskan Natives, 1955-65	*714
outpatients with congestive heart failure, anticipatory public health nursing followup for	*683

HEPATITIS

infectious, differentiation of sources of outbreak	*1
----------------------------------------------------------	----

HOME CARE

impact of Medicare; Massachusetts, Hawaii, Denver (CR)	201
need for home health aides for welfare clients, survey in Contra Costa County, Calif	*729
organization of coordinated program, Erie County, N.Y.	*639
public health home nursing program for outpatients with heart diseases	*683
study of patients and services, California (CR)	201

HOSPITALS

<i>see also</i> Health Facilities	
ambulance service, analysis of workload, Boston	*823
chronic disease, survey of accident experience among patients, Lemuel Shattuck Hospital, Mass., 1964	*35
community, surveillance of nosocomial infections of varying etiology (CR)	216
comprehensive booster immunization program for employees, Omaha, Nebr.	*271
emergency medical service system, analysis of workload, San Francisco area	*995
expenses in March 1967 (SR)	827
heat treatment of infant formula, comparative study of effectiveness of autoclave and free-flowing-steam systems	*813
history of coronary care units	*1105

HOSPITALS—Continued

identification of vacant beds by computers (SR)	126
microbial surveys of patients' rooms (CR) ..	209
patients' need for counseling and information services before discharge (CR)	224
planning in urban areas, economic factors ..	*721
receive 30-day supplies for disaster care from PHS (SR)	370
regional planning for	*771
selection of cases by computers, for utilization review (CR)	191
short-term patients, national statistics from Hospital Discharge Survey	*9
treatment of staphylococcal carriers	*329
use of automatic data processing to detect possible in-hospital epidemics (CR)	217

HOSPITALS, MENTAL

measurement of discontinuity of psychiatric inpatient care, Massachusetts	*533
private, analysis of hospital licensing laws of all States, District of Columbia, and Puerto Rico	*889
public, release rates in 5 States, 1954 and 1960	*49
recordkeeping, PHS grant to develop 5-State computer system (SR)	832
State and county, 1966 data on patients (SR)	932

HYPERTENSION

study of variations in blood pressure in relation to sickle cell trait among Negroes (CR)	219
-------------------------------------------------------------------------------------------------	-----

IMMUNIZATION

comprehensive booster program for hospital employees, Omaha, Nebr.	*271
-------------------------------------------------------------------------	------

INDIANS, AMERICAN

epidemic of bubonic plague among Navajos in New Mexico, 1965 (CR)	219, *1077, *1084, *1094
incidence of oral clefts, 1963-66	*807
metabolic research unit in PHS Indian hospital, Phoenix Medical Center (SR) ..	334
<i>Shigella flexneri</i> outbreak, Erie County, N.Y., epidemiologic and microbiological study	*347
tonometry survey on Colorado River Reservation	*582
tuberculosis among children	*30

INDIGENT *see* Health Services; Medical Care; Welfare Recipients

INDUSTRIAL HYGIENE *see* Occupational Health

INFANT FORMULA

comparative study of autoclave and free-flowing-steam systems for heat treatment in hospitals	*813

INFANTS *see* Child Health and Welfare

INFECTIOUS DISEASES *see* name of disease

INFLUENZA

- A2 virus, biological and antigenic characteristics of 1965 isolate, New Haven study-- *689
vaccines for 1967-68 (SR)----- 854

INFORMATION RETRIEVAL *see* Communication

INSURANCE, HEALTH

- see also* Medical Care
as fringe benefit in labor contracts, a management view----- *513
coordination of existing medical insurance and Medicare, Bell System companies (CR) ----- 193
impact of family coverage on health care of school children ----- *323
union negotiated, need for coordination of labor and management objectives (CR)-- 192

INTERNATIONAL HEALTH

- health planning requirements in developing countries ----- *441
training and use of health auxiliaries in underdeveloped areas----- *471

INVENTION REPORTS

- analog transmittance to absorbance converting and integrating system----- 71
catheter for suture line testing----- 279
70 mm. roll-film camera for electron microscopy ----- 650
speech sound programmer----- 371
thermo gradient apparatus----- 416
ultrafiltration apparatus for concentration dialysis ----- 183

JAPANESE, AMERICAN

- mortality experience among----- *973

JUVENILE DELINQUENCY

- analysis of increase in number of delinquents, San Francisco, 1960-64----- *163

KIDNEY, ARTIFICIAL

- program to simplify and reduce cost, National Institute of Arthritis and Metabolic Diseases (SR)----- 363

LABORATORIES

- clinical, evaluation of cholesterol determinations among, Wisconsin----- *957
clinical, role of States in improving (CR)-- 210
development of computer program for analysis of data, Wisconsin State Laboratory of Hygiene----- *169
diagnostic, need to design for maximum interchangeability (CR)----- 210
research, industrial hygiene problems with in ----- *72

LABORATORY TESTS AND TECHNIQUES

- A2 virus, biological and antigenic characteristics of 1965 isolate, New Haven study ----- *689
bacterial studies of chilled delicatessen-type foods----- *353

LABORATORY TESTS AND TECHNIQUES—Continued

- new commercial medium for primary isolation of *Neisseria gonorrhoeae*----- *361
use of immunofluorescence to identify *Clostridium botulinum* types A, B, and E---- *275

LAWS AND REGULATIONS

- functions of medical advisers in licensing drivers ----- *1071
governing licensing of private mental hospitals, analysis of laws in all States, District of Columbia, and Puerto Rico---- *889
partnership for planning under P.L. 89-749- *395
prospects and developments in food and drug enforcement (CR)----- 194

LEAD

- lead-210 in tobacco and cigarette smoke---- *828
levels in human blood and urine, international study covering 3 decades (CR)---- 229

LEGAL NOTES

- air pollution control; smoke control regulation exempts incinerators in private dwellings ----- 260

LEPROSY

- attitudes toward, Ryukyu Islands----- *795
program for control, Ryukyu Islands----- *802

LEPTOSPIROSIS

- diagnostic and epidemiologic problems, California ----- *429
significance of leptospiral interspecies infections on an Illinois farm----- *75

LEUKEMIA

- and lung cancer, 30-year trend in population of Olmsted County, Minn. (CR)----- 236
deaths, trends and patterns in Minnesota, 1950-64 ----- *946
epidemiologic studies of human (CR)----- 236

LIVER CIRRHOSIS

- mortality rates in relation to consumption of alcohol (CR)----- 213

MANPOWER

- see also* Health Aides; Training
for health careers, school guidance counselors lack information to counsel students (CR)----- 224
for public health services, need for quality (CR) ----- 243
health careers program for students, evaluation study----- *99
health, meeting future needs----- *1035
health, need to change staffing requirements to meet shortage (CR)----- 244
licensure of X-ray technicians, New York State (CR)----- 206
mental health services, use of college students as counselors for troubled boys (CR) ----- 247
nursing, challenge to the profession; statement by Surgeon General----- *95
school health personnel utilization project, New York City----- *862

MATERNAL HEALTH

- see also* Family Planning
- abortion, public opinions on justification of, New Orleans survey (CR)----- 239
- association of perinatal factors with blindness in children----- *519
- new mothers, effectiveness of television for anticipatory counseling (CR)----- 225
- obstetrical care and social patterns, Boston, 1962----- *117
- practice of therapeutic abortion, United States and Europe (CR)----- 238
- premature births, epidemiologic study (CR) ----- 241
- therapeutic abortion on sociomedical grounds (CR)----- 237
- unwed Negro mothers, need for medical and social care, Boston study (CR)----- 239
- use of nurse-midwives to ease maternity care problems (CR)----- 240

MEASLES

- see also* Rubella
- epidemiologic basis for eradication in 1967; statement by Public Health Service----- *253
- epidemiology and vaccine use, Los Angeles County, 1963 and 1966----- *659
- film on immunization, PHS (SR)----- 252
- statewide immunization program in Rhode Island ----- *409
- vaccine given to health departments by PHS (SR)----- 544

MEDICAL CARE

- see also* Insurance, Health
- determination of quality from physicians' office records (CR)----- 192
- field experience offered master's degree candidates in schools of public health, national survey----- *539
- for the indigent, impact of fee-for-service payments to physicians, Baltimore (CR)----- 192
- impact of Medicare on home health services, Massachusetts, Hawaii, Denver (CR)----- 201
- Medicare: licensure, certification, and accreditation (CR)----- 195
- psychiatric services and use of medical facilities in prepaid health plan (CR)----- 193
- regional medical programs, first year in review (CR)----- 191
- services of home health agencies participating in Medicare (SR)----- 394
- specialists needed in State and local health departments ----- *435
- statistics, need for improvement toward understanding health services system----- *847

MENTAL DISORDERS

- nature and role of emergency psychotherapy (CR)----- 248
- release rates for patients in public mental hospitals in 5 States, 1954 and 1960----- *49

MENTAL DISORDERS—Continued

- service for retarded and mentally ill persons at Wisconsin day care programs (CR) ----- 248
- susceptibility of certain family members (CR) ----- 247

MENTAL HEALTH

- community mental health centers program, 4 years' experience----- *941
- programing in rural areas with sparse population ----- *386
- services for persons accused of criminal behavior (CR)----- 195
- services, regional planning for, New York State ----- *771
- use of college students as counselors for troubled boys (CR)----- 247
- use of crisis intervention by new community centers (CR)----- 247

MENTAL HOSPITALS *see* Hospitals, Mental

MILK

- instant nonfat dry, source of interstate outbreak of *Salmonella new-brunswick* infection (CR)----- 246
- sanitation honor roll, 1965-66----- 368
- use of milk sampling to localize fallout in United States from May 1966 Chinese nuclear test----- *487

MOLLUSCICIDES

- evaluation of 28 chemical compounds for potential use against *Australorbis glabratus*, Puerto Rico----- *63
- test of 15 experimental compounds against *Australorbis glabratus*, Puerto Rico----- *833

MONOGRAPH

- No. 76. Cerebrovascular disease epidemiology: A workshop (PHS Publication No. 1441). Summary article----- 61

MORBIDITY

- patterns and related variables of student nurses ----- *85
- study of a month's recorded illnesses and health care among low-income families-- *705

MORTALITY *see* Vital Statistics

NARCOTICS ADDICTION *see* Drug Addiction

NEUROLOGICAL DISEASE

- development of computer system for early detection (SR)----- 538

NUCLEAR FACILITIES *see* Radiation

NURSES

- student, morbidity patterns and related variables ----- *85
- student, smoking and illness experience; birth weight and other related variables *633
- team nursing experiment in New York City schools (CR)----- 199
- training in public health (SR)----- 479

NURSING

- anticipatory public health followup for outpatients with congestive heart failure-- *683

NURSING—Continued

- challenge to the profession; statement by Surgeon General..... *95
- patients and services in home nursing agencies, California (CR)..... 201
- study of patients receiving visiting nurse care after discharge from chronic disease hospital, Cleveland (CR)..... 202
- use of nurse-midwives to ease maternity care problems (CR)..... 240

NUTRITION

- body composition in relation to disease (CR) 230
- new sources of protein sought by food planners (CR)..... 230
- studies of effect of nutritional management on disease control (CR)..... 229

OCCUPATIONAL HEALTH

- coccidioidomycosis, exposure factors (CR) 215
- industrial hygiene problems within research laboratories *72

PASTEURELLA INFECTIONS

- Pasteurella multocida* as source of disease in humans (CR)..... 207

PESTICIDES

- chlorinated hydrocarbon, in major river basins, 1957-65..... *139
- Pesticides Monitoring Journal* (SR)..... 504

PHENYLKETONURIA

- incidence and prevalence in New York State, 1965 and 1966..... *921

PLAGUE

- epidemic of bubonic, among Navajo Indians in New Mexico, 1965 (CR)..... 219
- epidemic of bubonic, New Mexico, 1965: introduction and description of cases... *1077
- epidemiologic features and results of field studies..... *1084
- emergency program to control..... *1094

PODIATRY

- services at clinics, District of Columbia Health Department..... *389

POISONING

- accidental, among children, analysis of two surveys evaluating a prevention project, Charleston County, S.C..... *555
- selected types as causes of accidental deaths, United States, 1964..... *1025

POLIOMYELITIS

- surveillance in United States, 1962-65.... *417

POPULATION

- past and present problems (CR)..... 377

PREVENTIVE MEDICINE

- concept of "preventia"..... *115
- preventive actions concerning dental disease, tuberculosis, and cancer; nationwide study *451

PUERTO RICO

- chemical control of *Australorbis glabratus*, laboratory and field studies..... *63
- drug addiction rehabilitation demonstration program (CR)..... 212
- new field device for quantitative recovery of *Schistosoma mansoni* cercariae..... *250
- test of 15 experimental molluscicides against *Australorbis glabratus*..... *833

RABIES

- in bats, southwestern United States..... *867
- in man and animals, United States, 1946-65, epidemiologic review..... *1009
- WHO Regional Reference Center for Rabies (SR) 655

RADIATION

- development of standard radioassay techniques (CR)..... 203
- development of standard radiological methods (SR)..... 496
- dose to lung from lead-210 in tobacco and cigarette smoke..... *828
- fallout from nuclear-powered devices in space vehicles (CR)..... 202
- localization of fallout in United States from May 1966 Chinese nuclear test; study based on milk sampling..... *487
- medical and dental X-ray protection program, Alabama (CR)..... 205
- nuclear facility planning, an operator's view of industry and government cooperation (CR) 205
- public reactions to nuclear facilities (CR) .. 203
- surveillance of nuclear facilities, considerations for program planning (CR)..... 204
- surveillance of nuclear power reactors; general guide for public health workers..... *899

RAPE

- public health program for female victims, District of Columbia (CR)..... 237, *497

RECORDS

- assessment of recordkeeping in physicians' offices to measure quality of medical care (CR)..... 192
- birth certificates, variables in under-reporting of cleft lip and palate..... *985
- death certificates, accuracy of arteriosclerotic heart disease diagnosis..... *339
- extent of reporting of selected congenital anomalies, Pennsylvania study..... *446
- of personal and family health (CR)..... 198
- psychiatric recordkeeping, grant to develop 5-State computer system, PHS (SR)..... 832
- U.S. standard certificates on vital events, revisions *913
- use of birth certificates to determine obstetrical care and social patterns in Boston, 1962 *117
- use of central registry to estimate prevalence of certain chronic childhood conditions, British Columbia..... *261

REHABILITATION

- New England Rehabilitation-for-Work Center, integration into community, 3-year study ----- *480
of stroke patients, measurement of results by Barthel index ----- *893
vocational, DHEW grants for construction of centers (SR) ----- 912

RESEARCH

- in the social sciences for determining strategies of air pollution control administration ----- *1101
medical, hazards of Federal Government intervention (CR) ----- 244

RHEUMATIC FEVER

- incidence, Metropolitan Nashville, 1963-65 -- *673

RUBELLA

- hemagglutination-inhibition test to detect immunity to (SR) ----- 328
rapid diagnosis by virology laboratories (CR) ----- 207

RYUKYU ISLANDS

- attitudes toward leprosy ----- *795
program for leprosy control ----- *802

SALMONELLOSIS

- epidemic of febrile gastroenteritis from *Salmonella java* traced to smoked white-fish (CR) ----- 246
epidemiology of foodborne (CR) ----- 246
excretion of *Salmonella* by pet turtles ----- *840
interstate outbreak of *Salmonella newbrunswick* traced to instant nonfat dry milk (CR) ----- 246
outbreak traced to *Salmonella indiana* in unpasteurized cup cheese, Pennsylvania ---- *551

SANITARIANS

- diplomat recognition of (SR) ----- 161

SANITATION

- problems from watercraft at marinas (CR) 227

SCHISTOSOMIASIS

- chemical control of *Australorbis glabratus*, laboratory and field studies, Puerto Rico new field device for quantitative recovery of *Schistosoma mansoni* cercariae used in Puerto Rico ----- *250
tests of 15 experimental molluscicides against *Australorbis glabratus*, Puerto Rico ----- *833

SCHOOL HEALTH

- better use of health personnel, New York City schools ----- *862
comprehensive, multidisciplinary evaluation of pupils in special education, Utah (CR) 200
hearing and speech disorders, program activities in Utah (CR) ----- 198
hearing tests in mobile unit, Kansas (CR) -- 198
team nursing experiment in New York City schools (CR) ----- 199

SHIGELLOSIS

- current status in United States (CR) ----- 218
Shigella flexneri outbreak, Erie County, N.Y., epidemiologic and microbiological study ----- *347

SMALLPOX

- vaccination not required for travelers between Mexico and United States (SR) -- 801

SMOKING

- and illness experience of student nurses; birth weight and other related variables -- *633
education efforts, progress and problems (CR) ----- 233
expressed willingness of smokers to try 10 withdrawal methods ----- *855
future course of research (CR) ----- 235
habits of adults, changes from 1959 to 1965 (CR) ----- 231
history of tobacco use among married women in relation to cancer of the genitalia (CR) ----- 234
implications of dosage patterns (CR) ----- 233
influence of habits at age 15 on habits at age 21, followup study, Newton, Mass. (CR) -- 232
lead-210 in tobacco and cigarette smoke ---- *828
1967 report on smoking and health, PHS (SR) ----- 1109
nonsmokers increase (SR) ----- 638
outlook for control efforts (CR) ----- 231
psychosocial aspects of smoking behavior and change effects on subjects in a control program (CR) ----- 234
withdrawal clinics, Roswell Park Memorial Institute (CR) ----- 232

SPACE FLIGHTS

- virus diseases among astronauts, PHS study (SR) ----- 352

STAPHYLOCOCCAL INFECTION

- treatment of carriers in hospitals ----- *329

STATISTICS

- on medical care, need for improvement toward understanding health services system ----- *847
on patients in short-term hospitals, national Hospital Discharge Survey ----- *9

STREPTOCOCCAL INFECTION

- experimental vaccine against streptococcus organisms (SR) ----- 249
natural occurrence of hemolytic streptococcus in school children, studies in Nashville, Tenn. (CR) ----- 217

STROKE

- fatal in middle age, study of precursors among college students (CR) ----- 218
rehabilitation of patients, evaluation of Barthel index validity in measuring disability ----- *893

SURVEYS

collection of health data, responsibility of researcher in protecting subjects' privacy (CR)	211
epidemiologic, evaluation and interpretation of data by researcher himself (CR)	211
Hospital Discharge Survey, National Center for Health Statistics	*9

SWIMMING POOLS

drownings, causes and prevention	*587
home, safety factors (CR)	226

SYPHILIS

implication of rapid casefinding methods for eradication (CR)	215
value of detecting early latent cases in control program, New York State (CR) ..	208

THERAPEUTICS

automated systems for critically ill patients (SR)	626
----------------------------------------------------------	-----

THYROID DISEASE

relation to breast cancer (CR)	236
surgically treated, among persons under age 30, Utah (CR)	216

TONOMETRY

status of surveys as source of epidemiologic data on ocular hypertension, Colorado River Reservation study	*582
------------------------------------------------------------------------------------------------------------------	------

TRAINING

anesthesiology research and training center, University of Pennsylvania (SR)	1044
doctoral studies in disposal of solid wastes, PHS grants (SR)	738
for master's degree in medical care; survey of field experience offered in schools of public health	*539
medical school course in community health (SR)	1008
physicians in anesthesiology, PHS grants to hospitals (SR)	784
program for new environmental health personnel, Philadelphia Department of Public Health (CR)	227
public health nurses, PHS grants for (SR) ..	479
public health veterinarians, experimental residency program, University of Missouri	*545

TRAINING COURSES

applied epidemiology for physicians, National Communicable Disease Center, PHS	806
care of premature infants, New York Hospital-Cornell Medical Center	643
combustion-generated air pollution, University of California College of Engineering and Engineering Extension, Berkeley ..	385
Department of Water Resources Engineering, Cornell University	184
doctoral program in social work and social science, University of Michigan	806
doctorate in medical care organization,	

TRAINING COURSES—Continued

University of Michigan	184
environmental engineering, graduate, University of Florida	385
environmental health engineering, graduate, University of Texas	385
environmental health fellowships, graduate, Consolidated University of North Carolina (Chapel Hill and Raleigh campuses)	184
hospital administrators development program, Cornell University	291
Kresge Center for Environmental Health, Harvard School of Public Health	40
mental retardation, senior clinical traineeships in, PHS	291
National Health Council courses	291
physicians in industry, Columbia University School of Public Health and Administrative Medicine	40
principles of chemical epidemiology, Pesticides Program, PHS	888
principles of epidemiology, National Communicable Disease Center, PHS	806
public health fellowships, University of Southern California	1056
rodent-borne diseases and control, National Communicable Disease Center, PHS ..	672
specialists in aging, University of Michigan and Wayne State University Institute of Gerontology	672
sports medicine for physicians, University of Wisconsin Medical School	643
summer preprofessional traineeships, Devereux Schools, Philadelphia	40
today's hospital problems, postgraduate, Mound Park Hospital Foundation, Inc., and University of Florida	672
World Health Organization fellowships ..	888
TRICHINOSIS	
incidence of <i>Trichinella spiralis</i> in humans of Iowa	*127
TUBERCULOSIS	
chemotherapy for, realized and unrealized benefits	*753
community isoniazid prophylaxis program in an underdeveloped area of Alaska ..	*1045
communitywide programs of isoniazid prophylaxis, Alaska and Boston (CR) ..	219
comparison of tine and intradermal PPD tests for effectiveness in hospital patients	*365
in American Indian children	*30
TULAREMIA	
human, epidemiologic study of cases reported in Missouri, 1949-65	*627
TURTLES	
pet, <i>Salmonella</i> excretion by	*840
TYPHOID	
acetone-killed vaccine, characterization of antibody response to	*257

URINARY TRACT

- infections, development of "dip-stick" test
for detection (SR)----- 972

VACCINATION

- against measles, statewide program in
Rhode Island ----- *409

VACCINES

- acetone-killed typhoid, characterization of
antibody response to----- *257
availability of measles, basis for eradication
of measles in 1967; statement by Public
Health Service----- *253
experimental, against streptococcus infec-
tions (SR)----- 249
influenza, for 1967-68 (SR)----- 854
measles, and measles epidemiology, Los
Angeles County, 1963 and 1966----- *659
measles, given to health departments by
PHS (SR)----- 544

VENEREAL DISEASE

- see also* Gonorrhea; Syphilis
information, attitudes of prospective school
teachers on teaching----- *917
instruction in Los Angeles County schools-- *505

VETERINARIANS

- experimental residency program in veteri-
nary public health, University of Mis-
souri ----- *545

VIRUSES

- see also* Fowl Plague Virus
A2 influenza, biological and antigenic char-
acteristics of 1965 isolate, New Haven
study ----- *689
hazard to astronauts during extended space
flights, PHS study (SR)----- 352
prevalence of reoviruses in sewage, San
Diego and Santee, Calif. (CR)----- 207
study of cytomegalovirus infection among se-
lected population groups, Atlanta (CR) _ 208

VISION

- see also* Blindness
home test to detect early cases of amblyopia
ex anopsia in preschool children (SR) _ 440
use of nystagmus test for visual acuity in
screening infants and preschoolers (CR) _ 241

VITAL STATISTICS

- see also* Records
deaths from congenital heart disease, Cali-
fornia, 1945-64----- *621
index of unnecessary deaths----- *180
leukemia deaths, trends and patterns in
Minnesota, 1950-64----- *946
mortality experience among Japanese
Americans ----- *973
mortality from cirrhosis of the liver (CR) _ 213
mortality from heart disease among Alaskan

VITAL STATISTICS—Continued

- Natives, 1955-65----- *714
projection of U.S. incidence rates for
cervical cancer (CR)----- 235
risk of dying, migration and areal differ-
ences (CR)----- 211
U.S. birth and fertility rates, 1966 (SR)---- 560
United States National Committee on Vital
and Health Statistics----- *41

WASTES

- disposal of solid by pipelines, PHS grant for
study (SR)----- 1029
disposal of solid, demonstration projects
(CR) ----- 225
disposal of solid, PHS grants for doctoral
studies (SR)----- 738
recovery of reoviruses from sewage and
partially treated effluents, San Diego and
Santee, Calif. (CR)----- 207
solid, PHS grant for prototype incinerator
(SR) ----- 793
treatment plant effluents, source of nema-
todes in benthos (CR)----- 229

WATER POLLUTION

- chlorinated hydrocarbon pesticides in ma-
jor river basins, 1957-65----- *139
from watercraft at marinas (CR) ----- 227
nematodes in a stream benthos from effluent
of a waste treatment plant (CR)----- 229
surveillance and monitoring programs for
compliance with Water Quality Act of
1965 (CR)----- 226

WATER SUPPLY

- provided in Alaskan communities by PHS
(CR) ----- 228
providing a safe water supply in the African
bush ----- *1057

WELFARE RECIPIENTS

- need for health aides; survey in Contra
Costa County, Calif.----- *729

WORLD HEALTH ORGANIZATION

- see also* Announcements, Organizations;
Training Courses
progress report on eradication of com-
municable diseases in the Western Hemi-
sphere, Pan American Sanitary Bureau
(SR) ----- 702

X-RAY, DIAGNOSTIC

- see also* Radiation
chest X-rays at mobile clinics, effect of
souvenir giveaways on attendance----- *735
licensure of X-ray technicians, New York
State's experience (CR)----- 206

ZOONoses *see* name of disease
